PROFESSIONAL SUMMARY

Results-driven Full Stack Developer with 2+ years of progressive experience at ClickMasters Digital Marketing Agency. Proficient in building scalable, production-grade web and desktop applications using Django (DRF, Daphne, WebSockets, Redis), React, Next.js, Node.js/Express, Electron, and .NET 10 / Avalonia. Maintains five live client-facing systems and is independently engineering Alpha AI Tracker — a cross-platform employee monitoring desktop agent in C# with a Go REST API backend and Next.js admin dashboard.

WORK EXPERIENCE

Full Stack Junior Developer | ClickMasters Digital Marketing Agency

May 2024 – Present | Pakistan

- Architect and maintain five live production systems: ClickMaster ERP, Nexus CRM, Hospital Management System (HMS), Matric Engineering PM, and ZAMR Engineering marketing site — all actively used by clients.
- Build and maintain RESTful and real-time APIs using Django REST Framework with Daphne, WebSockets, and Redis for high-concurrency operations.
- Develop full-featured React and Next.js frontends with TypeScript, Redux Toolkit, TanStack Query, Tailwind CSS, and Shadcn UI.
- Implement Node.js/Express backends with Socket.IO for real-time data, alongside MongoDB and PostgreSQL as primary databases.
- Handle complete application deployment to Linux production servers including Nginx configuration and environment management (without CI/CD).
- Independently building Alpha AI Tracker — a cross-platform desktop monitoring agent (.NET 10 / Avalonia C#) with a Go REST API backend (PostgreSQL, Redis) and Next.js admin dashboard, featuring AT-SPI browser journey tracking, AES-256-GCM encrypted config, and automated GitHub Releases self-update.

Software Development Intern | ClickMasters Digital Marketing Agency

Dec 2023 – Apr 2024 | Pakistan

- Gained hands-on full-stack experience under senior developer mentorship; contributed to React frontends and Node.js/Express APIs.
- Promoted to Junior Developer role after demonstrating strong technical aptitude within 5 months.

TECHNICAL SKILLS

Backend: Django REST Framework, Daphne, WebSockets, Redis, Node.js, Express.js, Go (Echo v4)

Frontend: React.js, Next.js, TypeScript, JavaScript, Tailwind CSS, Redux Toolkit, TanStack Query, Shadcn UI

Desktop: Electron.js, .NET 10 / Avalonia (C#), CommunityToolkit.Mvvm

Databases: PostgreSQL, MongoDB, SQLite, Redis

DevOps: Linux server deployment, Nginx, systemd, environment configuration (no CI/CD)

Currently Learning: .NET 10 / Avalonia (C#), Go, AT-SPI accessibility APIs, cross-platform installer engineering

Languages: Urdu (Native), English (Professional)

KEY PROJECTS

Alpha AI Tracker — Independent Project | 2026 – Present

- Cross-platform employee monitoring system: .NET 10 / Avalonia desktop agent + Go + PostgreSQL + Redis REST API + Next.js admin dashboard — three independently deployable services in a monorepo.
- Collects GUI app sessions, browser journeys (incognito via AT-SPI), hardware peripherals, file explorer events; syncs to server via 11 REST endpoints. AES-256-GCM encrypted config and automated GitHub Releases self-update (Linux / Windows / macOS).

Tech: .NET 10, Avalonia 12.1, C#, CommunityToolkit.Mvvm, Go 1.25, Echo v4, PostgreSQL 16, Redis 7, Next.js 15, SQLite

Nexus CRM — ClickMasters Digital Marketing Agency | 2025 – Present

- Multi-module business platform: HR (payroll, shifts, recruitment), Inventory (warehouse, POS, barcode/QR), Sales, Finance (accounts, forecasting, audit), AI Monitoring (live dashboard, workforce & inventory tracking), and a granular permissions system.

Tech: Next.js, Django REST Framework, Daphne, WebSockets, Redis, PostgreSQL, TypeScript, Tailwind CSS

ClickMaster ERP — ClickMasters Digital Marketing Agency | 2024 – Present

- Multi-tenant ERP covering 13 modules: HR, Project Management, Inventory, Sales CRM, Finance, QA, Blog Publishing, Chat, ERP Monitoring, and Configurations — with AI Attendance and real-time Socket.IO updates.

Tech: MongoDB, Express.js, React.js, Node.js, Socket.IO, Redux Toolkit, Tailwind CSS

Hospital Management System (HMS) — ClickMasters Digital Marketing Agency | 2024 – Present

- Full-featured HMS with role-based portals for Admin, Doctor, Receptionist, Lab, and Radiology. Covers IPD/OPD, OT scheduling, ward management, pharmacy, billing, and real-time finance.

Tech: React.js, Vite, Redux Toolkit, Node.js, Express.js, MongoDB, Socket.IO

Matric Engineering — ClickMasters Digital Marketing Agency | 2025 – Present

- Project and site management system for a telecom engineering firm — covering site activities (dismantling, relocation, CoW, DAS/iBS), inventory, task tracking, and field operations.

Tech: Next.js, Django REST Framework, PostgreSQL, TypeScript

ZAMR Engineering Website — ClickMasters Digital Marketing Agency | 2025

- Pixel-accurate marketing website for a Sydney-based civil engineering consultancy, built to exact Figma specifications with responsive design and a custom proportional org chart component.

Tech: Next.js, TypeScript, Tailwind CSS, Framer Motion
